Re: Replacement of Filter Control Panel
Water Filter Plant
City of Beacon
Award Recommendation

Dear Mr. Ruggiero:

One bid proposal was submitted and opened on May 30, 2019 for the Replacement of Filter Control Panel for the Beacon Water Filter Plant. The proposal was reviewed and found to be complete. Along with the bid, the contractor has submitted a certified check in the amount of 5% of bid for bid security.

The bidder is Aqualogic Systems, Inc. with a bid price of \$112,000.00. The bid price is below the estimate and below the 2019 budgeted and approved Capital Improvement cost of \$150,000.00, which includes engineering. Aqualogic Systems, Inc. had successfully completed a number of projects at the City's wastewater treatment plant and Water Filter Plant. They also successfully completed the City's Water System Control and Telemetering. This project will tie/interconnect to the existing telemetering system.

In our opinion, Aqualogic Systems, Inc. should be considered the responsible bidder, based upon submitted information.

If you have any questions, or need any further information, please do not hesitate to contact our office.

Very truly yours,

BIPIN GANDHI, P.C.
