- Notes:**
- The Fishkill Creek Development Zone requires that a minimum of 25% of the building area be an approved non-residential use. This project proposes 60% approved non-residential use.
  - The proposed section of Greenway Trail traversing the property follows the standard requirements for materials, dimensions, proximity to the Creek, screening from the proposed building. Due to the steep grades the trail has stairs in sections. Where practicable, the Trail and public park are accessible, as are the parking spaces and gate associated with the Trail. This is in accordance with the Greenway Trail Design Recommendations. Design the trail to provide accessibility to outdoor enjoyment and education for users of all abilities.
  - 2 parking spaces will be dedicated for Greenway Trail visitors on a first come first serve basis during the specified times and days that the Trail is open to the public. The spaces can be used by building tenants during all other times. The public shall not park in any but the 2 designated Trail spaces.
  - A large public park, connected to the Greenway Trail, is proposed to be constructed by the Applicant. A future spur from the Greenway Trail to the future Rail Trail has been designed into the plan.
  - Signage will comply with the City of Beacon Zoning Code.
  - Commercial Hours of Operation: 8am to 6pm
  - A variance to allow 93 parking spaces to be provided where 20 more are required will be requested from the Zoning Board of Appeals. A total of 113 parking spaces are required. The Applicant believes that the actual parking requirement will be mitigated by the shared commercial and residential use of the site.
  - A variance to exceed the maximum height will be requested from the Zoning Board of Appeals.
  - A variance to exceed the maximum number of stories will be requested from the Zoning Board of Appeals.
  - A variance to exceed the maximum apartment area for 2 apartments will be requested from the Zoning Board of Appeals.
