# **Waste Collection Agreement Between the City of Beacon and Royal Carting**

**THIS AGREEMENT**, made the \_\_\_\_ day of \_\_\_\_, 2018, but effective as of July 1, 2018, by and between the City of Beacon (the “City”), a municipal corporation with offices located at One Municipal Plaza, Beacon, New York 12508, and Panichi Holding Corp. d/b/a Royal Carting Service Co. (“Royal”), a corporation with offices located at 409 Route 82, Hopewell Junction, New York 12533.

## **WITNESSETH:**

**WHEREAS**, the City wishes to employ a contractor to collect, remove and dispose of burnable and recyclable waste from designated privately-owned real property, municipal buildings and public spaces within the City of Beacon, and

**WHEREAS**, Royal has submitted a bid proposal to the City which the City Council has found to be advantageous to the City with respect to the collection and removal of burnable and recyclable waste.

**NOW THEREFORE**, in consideration of these mutual promises and covenants, and other good and valuable consideration, the parties hereby agree as follows:

## **ARTICLE I**

### **A. Burnable Waste Collection and Disposal**

Royal shall furnish all the materials, equipment and labor required to on a weekly basis collect, remove and dispose of one (1) Royal-supplied ninety-five (95) gallon container with attached lid and wheels for mechanical pickup of burnable waste from approximately 4,300 tax parcels in the City of Beacon.

Property owners may put additional containers out for pick up by purchasing “Add-a-Can” tags at City offices and attaching same to each additional can or by enrolling in the annual Add-a-Can Program. The City will reimburse Royal for every “Add-a-Can” tag turned into the City in accordance with the “Service and Price Schedule”, annexed hereto as Exhibit “A”.

Work shall include collection from street/trash-receptacles (defined herein as publicly-available trash receptacles maintained in a public right of way by the City of Beacon) five (5) times per week on Monday, Tuesday, Wednesday, Thursday, and Friday. The street trash

receptacles shall be combination trash/recycling containers with 18 gallon capacity each and a lockable door, except for up to twenty-two (22) new trash and/or recycling receptacles (without regard to the condition of the 22 receptacles to be replaced and to be provided by Royal at no equipment cost or rental to the City), having a capacity and design that shall be agreed to by the City and Royal. The City shall provide a list of street trash-receptacles (Exhibit "B", annexed) which list shall be attached to and become a part of this Contract as well as designate up to 20 receptacles to be replaced. Royal shall repair, maintain and replace, at its sole cost and expense, all street trash-receptacles existing or installed during the term of this Contract, or any renewal or extension thereof, except that in the event of accidental damage or destruction by the City or an act of vandalism, the City shall submit an insurance claim to cover the cost of repair or replacement, if coverage is available. "Vandalism," for purposes of this Agreement, shall mean the defacement or destruction of any street-trash receptacle by a third party to this Agreement, but shall not include instances of defacement or destruction facilitated by Royal's failure to properly secure or maintain said receptacles. The City reserves the right, upon written notification to Royal, to add to or delete from the attached list of street trash-receptacles at any time during the term of the Contract, including any renewal or extension term.

Royal shall collect, remove and dispose of residential, commercial and municipal waste collected from the curb or designated area on a day or days of the week agreed to by the City. Any spillage into the road or sidewalks while carrying the containers to the truck or while emptying containers into the truck must be cleaned up by Royal before moving to the next collection pickup. A broom and shovel shall be carried on each truck to facilitate clean up. Lids must be replaced on containers after pickup. Royal must notify the City Administration via facsimile on a form provided by the City of all waste not collected and the reason collection was refused. The City reserves the right to change the collection schedule and specifications.

#### **B. Recyclable Waste Collection**

Royal shall provide one (1) 65 gallon recycling collection bin for approximately 4,300 tax parcels, and shall furnish all materials and perform all work to collect, remove and dispose of single stream recyclables from each tax parcel that meets the collection specifications once every week corresponding with the burnable waste collection schedule. Royal shall provide without cost to the City up to one hundred (100) 95 gallon recycling collection bins and thereafter, additional 95 gallon recycling collection bins at cost, upon written demand. A broom and shovel shall be carried on each truck to facilitate clean-up of spillage or breakage during recyclable waste collection. Royal shall provide an additional 65 gallon recycling collection bin at the rate of \$60.00 per bin.

**C. Container Lease and Services**

Royal shall provide all equipment and perform all work to provide waste and/or recyclable collection services the Beacon City Hall, Transfer Station, Parks Department, Memorial Building, Memorial Park, Riverfront Park and Fire Station #2 or as more specifically described in the Service and Price Schedule, annexed. The burnable waste containers shall be serviced by the burnable waste collection truck. Containers shall be emptied in accordance with the requirements set forth in the Service and Price Schedule which includes, but is not limited to:

1. Beacon City Hall

Royal shall provide Beacon City Hall with containers for recyclables;

2. Waste Water Treatment Facility

Royal shall provide the Waste Water Treatment Facility with two (2) two-cubic-yard containers – one (1) for the septage receiving station and one (1) for grit removal. These containers shall be emptied daily; and

3. Transfer Station

Royal shall provide the Transfer Station with a service which includes the container hauling and disposal of materials in accordance with requirements more particularly described in the Service and Price Schedule. Containers shall be serviced on demand. The Transfer Station requires up to 12 containers (6 for commingles and 6 for newspapers).

**ARTICLE II**

**A. Changes in Disposal Costs and Tonnage: Burnable Waste**

1. Should Royal's cost of burnable waste disposal increase or decrease more than \$10.00 per ton during the term of this Contract, or any extension or renewal thereof, the City will increase or decrease its contract payments as follows:

Base Disposal Cost Per Ton:

Provided by Royal, subject to audit

New Disposal Cost per Ton:

Provided to the City within three days of Royal's notification effective thirty days after change; also subject to audit.

Monthly tonnage to be used **only** for calculation of payment change: 300 tons per month.

Calculation of payment change:

$[(\text{new per ton rate}) - (\text{base per ton rate})] * 300 = \text{increase/decrease in monthly payment}$

**Example:** Base rate = \$55.00                      New Rate = \$65.00

$[(\$65.00 - \$55.00) * 300 = \$3,000$  payment increase as a result of audited increase in Royal's cost of disposal.

2. Payment will be recalculated for each year beginning January 1, 2019, and January 1 of each renewal term based upon the average of the quarterly surveys of tonnage collected, but shall not be less than 300 tons per month effective as of July 1, 2018. Payment on the tonnage shall be reduced or increased as determined by the calculation of the results of quarterly surveys (to be conducted on a schedule the parties shall mutually establish) with such adjustment being made not later than the second monthly statement following the final survey for the relevant contract year. If the term of the Contract is extended for subsequent years, the tonnage will be adjusted based on the average tonnage collected in the preceding year, effective January 1<sup>st</sup> of the new term.

For the period July 1, 2018 through December 7, 2018, the City shall pay a special adjusted rate as more particularly calculated in the correspondence set forth in Exhibit "C" annexed.

**B. Recyclable Waste Collection**

Recyclable volume of 350 tons (per annum) of commingled recyclables and 300 tons (per annum) of mixed paper waste is anticipated. If the volume increases, the City will not be responsible for any increase in collection and removal costs incurred by Royal. The City will pay the actual cost of disposal and shall collect 100% of the revenue, if any, derived for the sale of such recyclable materials. All credits to be paid to (and all costs to be borne by) the City shall be pursuant to a separate and direct account to be established with ReCommunity Recycling.

If there is a change in disposal costs by any other recyclable disposal facility, the City must be notified in writing within two (2) days of the date Royal is notified. Payment, if any, will be based on an audit of Royal's disposal costs.

**C. Roll Off Container and Dumpster Lease and Service**

Cost based on service and lease of equipment in accordance with the Service and Price Schedule, and includes:

1. Transfer Station

Royal shall provide the charge for the container, hauling and disposal at the prices per the Service and Price Schedule. Any adjustment to these costs will be provided to the City within three (3) days of Royal's notification effective thirty (30) days after an approved adjustment by the New York State Office of General Services. Bulk waste shall include metal, construction and demolition debris, furniture and junk.

Decreases/Increases in collection costs will be calculated as follows: X (disposal price/ton)

X annual disposal costs = adjusted annual cost to city. X = new disposal rate/ton

2. Dumpster Lease

The dumpster lease for Beacon City Hall, Transfer Station, Parks Department, Memorial Park Riverfront Park\* and Fire Station #2 shall be based on Service and Price Schedule. These rates will not increase during the life of the contract. These containers shall be serviced under the burnable waste and collection contract.

2.1 Riverfront Park

Collection services for the Riverfront Park shall be in accordance with the Service and Price Schedule, annexed.

3. Waste Water Treatment Facility

The Waste Water Treatment Facility requires two (2) two-cubic yard containers – one (1) for the septage receiving station and one (1) for grit removal.

No assignment or novation of this Contract shall be valid unless the assignment or novation expressly provides that the assignment of any of Royal's rights or benefits under the Contract is subject to a prior lien for labor performed, services rendered and materials, tools and equipment supplied for the performance of the work under this contract in favor of all persons, firms or corporations rendering such labor or services or supplying such materials, tools or equipment.

### **Re: December Trash and Recycling Weight Survey 2017 Rate Adjustment**

Gentlemen:

#### Survey Results:

Enclosed are summaries of the 2017 trash and recycling surveys for City of Beacon materials collected as follows:

#### 2017 Summary Results:

<u>SURVEY FOR WEEK OF</u>	<u>TRASH (tons)</u>	<u>RECYCLABLES (tons)</u>
December 11, 2017	55.50	-----
December 4, 2017	-----	23.51

September 18, 2017	72.53 <sup>1</sup>	-----
September 25, 2017	-----	19.37
June 12, 2017	71.08	-----
June 19, 2017	-----	21.63
April 3, 2017	66.89	-----
April 10, 2017	-----	21.26

Analysis - Trash:

As you know, the City was not increased in 2018, even though the holdover terms of its Agreement with Royal would have permitted such an increase. Given the City's current 2018 budget constraints, Royal proposes to use the 2014 base rate to compete its increase from July 1, 2018 through December 31, 2018. The 2018 base rate will be applied effective January 1, 2019 for rate adjustments (up or down) based on prior year surveys, it being understood that the 2019 rate will be based on 3 (not 4) quarterly surveys. The initial 2018 survey will be conducted during the week of June 10, 2018 for trash and the week of June 17, 2018 for recycling. The fall and winter surveys will be set at a later time.

Based on the forgoing and in accordance with Section II A.2. of the Waste Collection Agreement Between City of Beacon and Royal Carting (the "Agreement"), the 2018 Burnable Waste payment (provided for in Article III) should have been adjusted based on the 2017 survey results.

The annual estimated average trash disposal to be applied for 2017 is computed as follows:

$$(55.50 + 72.53 + 71.08 + 66.89) \div 4 \times 52 = 3,458 \text{ Tons}$$

---

<sup>1</sup>Monday and Tuesday of this week was not surveyed due to City personnel shortage. The actual tonnage collected over the 3 day survey period was 43.52. Adjusting for a 5 day week resulted in estimated survey tonnage of 72.53 determined as follows: 43.52 tons ÷ 3 x 5 = 72.53 tons.

Burnable Waste Collection and Disposal:

2014 Base Monthly Payment<sup>2</sup> \$57,863.21

Less: 2017 Weight Survey Result computed as follows:

2014 Agreement budget base of  
300 tons per month X 12 = 3,600.00 Annual Tons<sup>3</sup>

Less 2017 average survey tonnage < 3,458>Tons

Difference 142 Tons

Times Disposal Rate (per ton) X 73.75

2016 Annual Survey Rate Reduction \$10,472.50

Divided by 12 to determine monthly  
rate adjustment ÷ 12

Monthly Adjustment Amount 872.71 <872.71>

Tentative 2018 Adjusted Monthly Burnable Waste Fee<sup>4</sup> \$56,990.50

Therefore, beginning July 1, 2018, through December 31, 2018 the adjusted monthly rate for curbside trash pick up will be 56,990.50<sup>5</sup>.

---

<sup>2</sup>Article III

<sup>3</sup>Article II 2

<sup>4</sup> Effective July 1, 2018.

<sup>5</sup> Per the bid, the recyclables collection fee remains unchanged for 2018.

Please feel free to communicate with me if you have any questions or comments.

Very truly yours,

James P. Constantino
