

## PLEDGE

The Hudson River is a federally designated American Heritage River for which special consideration must be given to the effects of actions taken on, around or within the River on the natural, historic, economic, and cultural needs of the surrounding communities. Extraordinary local, state and federal resources have been dedicated to the revitalization of the Hudson River over the last several decades. Likewise, the communities along the shores of the Hudson River have engaged in very successful, decades-long campaigns to reverse the impacts of industrialization and to return the Hudson River shoreline to the people.

The Coast Guard's proposed extension of Hudson River anchorage sites will reverse the pattern of restoring economic and environmental prosperity of the River and its surrounding communities.

In recognition of our mutual concern for the economic vitality, environmental health, and public safety of the Hudson River and its surrounding communities, we stand united as the Hudson River Waterfront Alliance (HRWA). The HRWA commits to collaborative examination of the local and regional impacts of the proposed anchorage sites; to providing information regarding the proposal to residents and stakeholders; and to utilizing its collective resources to protect and preserve the interests of the Hudson River communities we serve.
