RE: Control and Telemetry For
City of Beacon Water System
Award Recommendation

Dear Mr. Ruggiero:

The Control and Telemetry for City of Beacon Water System was bid on May 24, 2017. Three (3) bid proposals were submitted and opened on June 21, 2017. The proposals were reviewed and found to be complete. Along with the bids, the contractors submitted Non-Collusive Bidding Certificates, and a Bid Bond.

The following tabulation shows the order from lowest bidder, the name of the bidder and the total contract amount.

Name of Bidder	Total Contract Amount
Wittcon, Inc.	$375,000
Healy Electric Services, Inc.	$423,320
Tam Enterprises, Inc.	$478,414

The lowest bidder is Wittcon Inc., with the total base bid amount of $375,000.00. Wittcon, Inc. has submitted information related to several projects in which they have completed the work as outlined within the proposed project. Wittcon, Inc. in year 2014 had successfully completed replacement of scum pump and sluice gates contract at the City's Wastewater Treatment Facility. References supplied were checked to verify the work completed by the prospective low bidder and were found to be acceptable. In our opinion, Wittcon, Inc. should be considered the lowest responsible bidder based upon the submitted information and Chapter 53 of the City Bode. Along with the bid, the contractor has submitted a Non-Collusive Bidding Certificate and a Bid Bond.

If you have any questions, or need any further information, please do not hesitate to contact our office.

Very truly

BIPIN GANDHI, P.C.
