Dear Ms. Wright:

Thank you for requesting the comments of the Division for Historic Preservation of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the submitted materials in accordance with the New York State Historic Preservation Act of 1980 (section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the Division for Historic Preservation and relate only to Historic/Cultural resources. They do not include potential impacts that must be considered as part of the environmental review of the project pursuant to the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8) and its implementing regulations (6NYCRR Part 617).

We have reviewed your recent submission for the River Ridge Views project, completed in accordance with conditions outlined in our previous review of this project. This submission includes renderings illustrating the proposed new construction in relation to the historic church. Weston Davey, SHPO technical staff, also discussed the project, and the submitted renderings, in a conference call with the project applicant and consultant.

Based on this review, it is the opinion of the SHPO that the previous conditions will be met and the proposed project will have No Adverse Impact to the historic Reformed Dutch Church of Fishkill Landing.

If you have any questions, I can be reached at (518) 268-2164.

Sincerely,

Weston Davey
