- Notes:**
- The proposed Office use is allowed by Special Use Permit issued by the City Council.
 - The siting of the proposed building on the newly created parcel fills a void in the continuous street frontage common along both sides of this block; and reinforces the historical nature of the original city plan along this length of North Avenue. The building screens the existing parking lot towards the rear of the property.
 - The proposed and existing lots, after subdivision, will comply with bulk requirements for the R1-7.5 Zoning District, thereby making simpler a potential future conversion to residential use in either or both buildings.
 - The proposed building complies with Zoning for setbacks and height.
 - Office hours are 7:00am to 10:00 pm, Monday through Sunday, inclusive.
 - The existing business identification sign is proposed to be relocated between the new and existing buildings, and visible from both directions from North Avenue. The sign is proposed to be modified to make it double-sided, and lit with a shielded, concealed light source 12 watt LED strip fixture.
